BREEDING RESULT / FOAL NOTIFICATION

(Breeding certificates from breedings by other stallions must be enclosed)

Foal born on: _____ Sex: _____ Name: _____

Color and Markings: _____

The mare – remained not in foal / aborted on / the foal was born dead/died on: _____
circle appropriate response

Mare must be inspected and entered into an appropriate mare book as well if she has not already been inspected by the Westfalen NA. For 2020 we will accept Video Inspections / Mare may be inspected in 2021. Call for more information if questions remain. Foals sired by stallions approved by the Westfalen NA or by a different warmblood registry but **not active** in the Westfalen NA's current year stallion rosters are eligible for registration for an additional \$85 fee per foal.

All foals must be DNA tested.

Passports for 2020 foals will be printed and mailed to the owner of record as soon as all Registration Forms, Microchip and Pedigree Verification and DNA has been submitted and completed.

Weaned Foals and older unregistered horses

- Breeding Certificate signed by Stallion Owner
- Dam must be inspected as well if she has not already been inspected into the Westfalen NA mare books. For 2020 we will accept Video Inspections / mare may be inspected in 2021. Please include a copy of the dam's mare inspection score sheet from a different registry if she's already in a mare book. Call for more information for other situations. Weanlings and Youngstock sired by stallions approved by the Westfalen NA or by a different warmblood registry but **not active** in the Westfalen NA's current year stallion rosters are eligible for inspection and registration for an additional \$85 fee per foal.

All weaned foals, youngstock and older horses to be registered and receive a passport must be DNA tested. Passports for weaned foals and older youngstock will be printed and mailed to the owner of record as soon as all Registration Forms, Microchip and Pedigree Verification and DNA has been submitted and completed.

- Please note – DNA test results/case number are also required for the sire and dam of weaned/older offspring** requesting original registration papers. Please include the sire and dam's breed and registration number (if available) and a copy of the breed papers if available (unless horse is already in the Westfalen books) so that we may request the parents' DNA Case #'s from the appropriate registry. If you do not know this information please state so on the form and we will assist.

Stallions (call for more information)

- Original registration papers
- Photocopy of Registration Papers
- 5-generation pedigree

Westfalen Verband NA P.O. Box 429 Murdo, SD 57559
(605)669-2200 www.westfalenverband.com office@westfalenverband.com

Printout of show results (if applicable)

Completed Stallion Vet Exam form, filled out in advance by veterinarian (form available for download). X-ray reports of joints indicated on the Vet Exam Form will be required for licensing to be granted.

All stallions who do not already have DNA on file will have hairs pulled on

will be required to complete DNA testing. In order to expedite this process, please complete an online fillable DNA Testing Form available on the Westfalen NA/ website and you will be sent a DNA kit with instructions on how to pull and submit the hairs.

- Stallions of breeds other than those accepted into the main and pony books are not eligible for licensing. For a list of accepted breeds (including but not limited to Warmbloods of recognized breeding associations, Thoroughbreds, Arabians, Anglo-Arabians, Shagya Arabians, German Riding Ponies, Welsh A, B, and C's, Welsh Cobs, British Riding Ponies, Connemaras, American Sport Ponies, New Forest Ponies, and Knabstruppers) please reference the Westfalen NA website. Anyone with questions should please call or email the Westfalen NA North American headquarters.

NOTE for 2020 - All Stallions to be licensed will need to be inspected on the next available inspection tour - the office will accept video submissions along with all eligible completed health paperwork in order to allow for pre-licensing breedings to take place in 2020. Please contact the office for more information.
